

Dorman Otte
Iowa Federation Federal Legislative Chair

Dorman provides consulting services for strategic planning; marketing; leadership development and legislative affairs to rural utilities and other community based organizations.

He served 26 years as the Iowa Community Programs Director for USDA Rural Development. His years of government employment with the agency were 39 years. He administered agency loan and grant funds and was responsible for the supervision of those loans to water and waste water utilities and other essential community facilities.

Dorman has been a member of the National Active & Retired Federal Employee (NARFE) organization for ten years. He is currently President of Chapter 148 Des Moines and is the Iowa Federation Legislative Representative. He previously served 16 years on the West Des Moines Park & Recreation Board and other various planning and capital improvement committees for the city. He is past Chair of the West Des Moines Development Connection, an economic development board. He has been active in church leadership and other community organizations.
